

Hyaluronic Acid Foot Cream

For supple, nourished feet.

Wrinkle-reducing foot cream with a visible "lifting effect". Hyaluronic acid provides elasticity, improves the skin structure and smoothes out fine lines as well as slight and deeper wrinkles. Your skin becomes palpably smoother, tighter and stronger. Vitamin E, shea butter, wheat germ oil, almond oil, unsaturated fatty acids and glycerin support the soothing care effect and give your legs and feet freshness, suppleness and a maintained appearance.

Ingredients: Aqua, Cetearyl Alcohol, Tocopheryl Acetate, Pentylene Glycol, Glyceryl Linoleate, Glycerin, Caprylic/Capric Triglyceride, Prunus Amygdalus Dulcis Oil, Butyrospermum Parkii Butter, Triticum Vulgare Germ Oil, Distarch Phosphate, Stearic Acid, Palmitic Acid, Sodium Hyaluronate, Glycine Soja Oil, Lecithin, Tocopherol, Ascorbyl Palmitate, Glyceryl Linolenate, Sodium Cetearyl Sulfate, Hydrogenated Palm Glycerides Citrate, Parfum.
