

Hyaluronic Acid Hand Cream

For radiantly beautiful and well cared-for hands

Wrinkle-reducing hand cream with a visible "lifting effect". Hyaluronic acid provides elasticity, improves the skin structure and smoothes out fine lines as well as slight and deeper wrinkles. Your skin becomes palpably smoother, tighter and stronger. Allantoin, collagen and valuable rose hip seed oil counteract skin aging and thus support the beneficial care effect for radiantly beautiful, well cared-for hands. Using the practical Airless dispenser, the cream can be taken anywhere with you and applied easily and sparingly.

Ingredients: Aqua, Cetearyl Alcohol, Sorbitol, Isopropyl Palmitate, Pentaerythrityl Distearate, Pentylene Glycol, Glyceryl Stearate, Stearic Acid, Rosa Moschata Seed Oil, Palmitic Acid, Sodium Hyaluronate, Dicaprylyl Carbonate, Hydrolyzed Collagen, Allantoin, Lecithin, Tocopherol, Ascorbyl Palmitate, Sodium Cetearyl Sulfate, Parfum, Hydrogenated Palm Glycerides Citrate.
