Omega-3-6-9-Linseed Oil

Feed for horses and dogs

Useful information: Tierlieb Omega-3-6-9-Linseed Oil is rich in unsaturated essential fatty acids, contains natural vitamin E and supplies energy. The cold-pressed oil from valuable linseed (*Linum usitatissimum*) is characterised by its particularly high natural omega-3 fat content of approx. 55 %. The omega-6 fatty acid linoleic acid contained inside supports many body functions and is not only important for growing animals.

In horses and dogs, linseed oil supports a normal, healthy coat and skin metabolism as well as the general physical condition. The purely plant-based vitamin E in tierlieb Omega-3-6-9-Linseed Oil possesses a high organic-availability, prevents deficiencies and contributes to the protection of the cells from oxidative stress.

- Natural and rich
- Suitable for biological raw feed appropriate to the species

Feed recommendation:

Add the required quantity to the daily feed:

Small dogs: 1 teaspoon (2.5 ml)

Medium-sized dogs: 2 teaspoons (5 ml)

Large dogs: 3-4 teaspoons (10 ml)

Lactating bitches receive 2-3 times the amount.

Horses (500-600 kg): 2-4 measuring cups (40-60 ml) per day

At high performance up to 100 ml per day in small portions.

Small horses and ponies: 1-2 measuring cups (20-40 ml)

ADMR-compliant.

Oils can have a laxative effect when used excessively.

Analytical contents: crude fat 100 %, crude fibre 0 %.

Metabolisable energy: 35.5 MJ/kg (924 kcal/100 ml).

Nutritional additive (per kg): 1,800 mg natural vitamin E of plant origin.

Keep cool, dry and out of direct sunlight.
