100 % green-lipped mussel concentrate

Feed for dogs and cats

Useful information:

100 % pure green-lipped mussel concentrate in powder form for strong cartilage and stable joints. For easy, economical admixture in the feed. The green-lipped mussel (*perna canaliculus*) from New Zealand is rich in glycosaminoglycane (GAG). These polysaccharides serve as an elastic supporting substances in the cartilage, joints, tendons and connective tissue due to their ability to absorb water, and therefore keep your pet mobile and active into old age.

Analytical contents:

Crude protein 66.8 %, crude fat 10.5 %, crude ash 6.8 %, crude fibre 1.1 %.

Composition:

Green-lipped mussel concentrate (100%)

Feed recommendation per day:

Dogs:

- small dog breeds: 1.5 g (= approx. 0.5 teaspoon)
- medium dog breeds: 3.0 g (= approx. 1 teaspoon)
- large dog breeds: 4.5-6.0 g (= approx. 1.5 - 2 teaspoons)

Cats: 1.5 g (= approx 0.5 teaspoon)

Start with a smaller quantity for adjustment and slowly increase to the full recommended dose.

Keep dry and out of direct sunlight. Store below 25°C.
