Cardiovascular tablets for dogs

Nutritional supplement to support cardiac function

Useful information:

Cardiovascular tablets support the supply of the heart musculature with carnitine and taurine and contain highly-effective antioxidants. L-carnitine and taurine assume functions of vital importance for the energy provision in the heart and skeletal musculature. Hawthorn and rosemary support the heart, the circulation and the blood flow.

- With carnitine and taurine
- With a vitamin B complex for the nervous system and brain
- Low in sodium, no sugar
