

## tierlieb Milk Thistle Tablets

Nutritional supplement to support liver function

### Useful information:

The liver fulfils central tasks in the utilisation of food. It is involved in the digestion of fats via the bile. Milk thistle tablets contain vitamin-like choline, which supports a healthy liver function and the lipid metabolism. Milk thistle (*Silybum marianum*) is known for its valuable ingredients (Silymarin). Lecithin emulsifies fatty food components and facilitates their absorption.

- With milk thistle, artichoke and choline
- Choline supports a healthy liver function
- Supports digestion

**Analytical contents:** Crude protein 22.3 %, crude fat 7.1 %, crude fibre 0.3 %, crude ash 8.0 %.

Biotin	16 mg
Folic acid	31 mg
Vitamin B12 (cyanocobalamin)	4,000 µg
Cholin chloride	20,000 mg
<b>Trace elements:</b>	
Zinc (amino acid zinc chelate, hydrate)	4,000 mg
<b>Emulsifier:</b> Soya Lecithin	

### Feed recommendation per day:

Add the required quantity to the main feed. The tablets can be crushed up.

Small dogs (< 15 kg): 1 tablet

Medium-sized dogs (15-25 kg): 2 tablets

Large dogs (> 25 kg): 3 tablets

Cats: 1 tablet

The recommended daily dose should not be exceeded due to the high vitamin and zinc content. In case of liver disease or if taking veterinary medicines, seek the advice of a veterinarian before feeding.

Keep dry and out of direct sunlight. Store below 25°C.
