

## Tiger Balm

made of pure natural active ingredients

Tiger Balm is produced out of a traditional mixture of carefully selected natural products such as camphor, menthol and beeswax. Perfect for a massage after exercise and for sore muscles. Tiger Balm also stimulates the circulation of the skin. In combination with a massage, skin, muscles and joints get relaxed.

Apply to the affected area and rub in well several times a day. Apply sparingly on skin and avoid contact with mucous membranes. Tiger Balm shouldn't be applied to children and shouldn't be used by pregnant or nursing women.
