

## Sanct Bernhard Sport Warm-Up Massage Oil

Supports your warm-up

Warm-Up Massage Oil promotes circulation and creates a mild warming sensation. The warm-up phase is supported by a massage with the warming oil and the musculature is prepared for sporting exertions. Sore muscles and tension are reduced. The high-quality and effective herbal extracts and essential oils, like mint oil, eucalyptus oil, wintergreen oil and 24-herb oil, strengthen the relaxing warming effect and promote blood supply to the skin. Apply the massage oil evenly and massage in to increase the effect. Almond oil and jojoba oil regulate the skin's natural moisture levels and make it supple.

Do not use this product if you are allergic to the Asteraceae (daisy) family. Not suitable for children under 6 years.
