

Resveratrol Capsules

Nutritional supplement with Trans-Resveratrol

Useful information: Resveratrol is a polyphenol, i.e. a secondary plant ingredient that naturally plays an important role in the protection and defence system of many plants. Red grapes in particular, and the red wine and also grape juice made from them, are repeatedly mentioned in scientific and nutritional circles because of their high resveratrol content. Resveratrol Capsules offer the opportunity to use high-grade Trans-Resveratrol derived from yeast fermentation as a convenient and regular dietary supplement.

Ingredients: Trans-Resveratrol (41 %), Microcrystalline Cellulose (bulking agent), Gelatine, Magnesium Stearate, Silicon Dioxide (separating agent).

Each Resveratrol Capsule contains **240 mg of Trans-Resveratrol**.

	per capsule (= daily dose)	per 100 g capsules
Trans-Resveratrol	240 mg	41 g

Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011 not available.

Recommended use: Swallow 1 capsule whole 1 x daily with plenty of liquid.

Keep dry and out of direct sunlight. Store below 25°C. Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Consult with your doctor if taking medications at the same time.

Made in Germany

Contains 60 capsules = 33 g

Art. No.: 868
