

## Organic Pomegranate Juice

100 % fruit juice content  
from pomegranate juice concentrate

### Interesting facts:

The pomegranate is one of the oldest plants cultivated by humans. The fruit's significance is demonstrated by the fact that it inspired the naming of the Spanish town of Granada and the scarlet red semi-precious stone garnet. The juicy, aromatic seeds of the pomegranate are rich in secondary plant compounds and polyphenols, which have an antioxidant effect.

Made from concentrate. No added sugar. No preservatives. Organic Pomegranate Juice is a natural product. Variations in appearance, colour and taste are natural and do not represent an impairment in quality.

Once opened, store in a refrigerator and use within 3 weeks.
