

## Permanent Tea Filter

Also ideal for brewing coffee  
teeli best

### Size M

#### For tea glasses, cups or teapots (ø 65 – 90 mm)

For up to 1.4 litres of tea (7 cups)

**Permanent Tea Filter:** Suitable for tea cups and teapots. Long life span. True to the aroma. Neutral in taste. Dishwasher-proof. Place the filter in the lid to catch the drips.

The teeli best filter makes it possible: You can now prepare your own mixture of tea leaves directly in your glass or tea cup. Needless to say, tea connoisseurs also use this filter in teapots.

The teeli best provides the tea leaves with plenty of space so that their aroma can develop fully. The microfine stainless steel filter tissue permits filtration without paper, maintaining the original aroma and taste. Prepare your tea in line with traditional methods and enjoy the practical advantages of the teeli best.
