

## Baby Oil

To nourish, cleanse or massage

A precious nourishing oil derived from high-quality plant oils and witch hazel extract for soft and delicate skin. Ideal for massage, as a cleansing oil in the nappy area or for general skin care. The combination of plant oils protects the skin from drying out. In addition, the evening primrose oil provides the skin with fatty acids that the skin cannot produce itself, and has a regenerative effect, including in cases of neurodermatitis. Baby Oil does not contain any colourants or fragrances.
