

Marigold Mouth Spray

with panthenol und camomile

For a perfect daily oral hygiene. Valuable plant extracts of marigold and camomile help with the inflammation of the gum. Bisabolol and panthenol support this effect. Menthol, tea-tree oil and salvia oil give a fresh breath and help prevent bad breath.

Especially suitable for dental prosthesis users to protect against inflammation of the gums.

Application: Marigold Mouth Spray should be in particular applied after brushing the teeth. In between applications are also recommended.

Since the oral spray is extremely economical in use, one to two sprays suffice.

Do not use this product if you are allergic to the Asteraceae (daisy) family.
