

Anti-Aging SB 500 Body lotion

A rich, skin-tightening body lotion with visible "anti-aging effect". Supplies your skin with active ingredients which, if applied regularly, counteract the generation of creases and wrinkles, slow down premature skin aging and promote youthful tautness. With Q10, vitamin A, vitamin C and E, milk proteins and honey in a conditioning base with almond and jojoba oils. Acting as a screen against radicals, Q10 and vitamin E defuse aggressive oxygen compounds that attack our skin and make it sag quicker. Vitamin A, also known as retinol, is one of the most effective active anti-ageing components when it comes to combating wrinkles. Milk proteins are similar in structure to the central components of our epidermis, which is why they delay the skin aging process and feel good on the skin. Almond oil and jojoba oil provide an ideal supplement to the conditioning effect and make the skin wonderfully soft, supple and smooth. Pleasant, gentle fragrance.

Ingredients: Aqua, Pentylene Glycol, Simmondsia Chinensis Seed Oil, Caprylic/Capric Triglyceride, Propanediol, Glyceryl Stearate, Tocopheryl Acetate, Glycerin, Cetearyl Alcohol, Prunus Amygdalus Dulcis Oil, Mel, Ubiquinone, Helianthus Annuus Seed Oil, Phospholipids, Milk Protein, Sphingolipids, Lactose, Tocopherol, Glycine Soja Oil, Stearic Acid, Sodium Ascorbyl Phosphate, p-Anisic Acid, Sodium Citrate, Sodium Dehydroacetate, Retinyl Palmitate, Phenoxyethanol, Lactic Acid, Palmitic Acid, Xanthan Gum, Parfum (Hexyl Cinnamal, Alpha-Isomethyl Ionone, Geraniol).
