

## Muskelfit Herbal Gel

Soothing, cooling gel  
for strained, tense, tired muscles

Muskelfit Herbal Gel contains a combination of selected plant and herbal extracts which, in combination with a massage, have a cooling, soothing effect on stressed, tense and tired muscles. Especially after sports, hiking, strenuous housework or gardening, etc., you will appreciate Muskelfit Herbal Gel as a real treat for the muscles! Aloe vera, panthenol, menthol, mint oil, sorbitol and betaine nourish and refresh the skin and provide moisture. Extracts of arnica, rosemary, lavender, horse chestnut, butcher's broom and tiger grass ideally complement the soothing, caring effect. Muskelfit Herbal Gel has a pleasant, natural herbal fragrance without artificial scents.

**Use:** Simply apply to the affected muscle groups, e.g. on the arms, legs, shoulders or back, and massage in gently.
