

## Minesan Alkaline Hand Cream

Alkaline, intensive moisturising hand cream for daily application on stressed hands that tend to suffer from allergies and dryness. Witch hazel, chamomile and balm extract calm sensitive and irritated skin. Natural sea salt loosens hardened areas of skin, and supports the skin barrier. A plant-based effective complex with sugar beet and corn starch provides long-lasting moisture. Shea butter, almond oil and macadamia nut oil make your hands smooth and supple and give them a maintained appearance.

**Ingredients:** Aqua, Cetearyl Alcohol, Isopropyl Palmitate, Pentylene Glycol, Isopropyl Myristate, Glyceryl Stearate, Macadamia Integriifolia/Tetraphylla Seed Oil, Prunus Amygdalus Dulcis Oil, Glycine Soja Oil, Butyrospermum Parkii Butter, Maris Sal, Potassium Citrate, Hamamelis Virginiana Leaf Extract, Chamomilla Recutita Flower Extract, Melissa Officinalis Leaf Extract, Beta Vulgaris Root Extract, Hydrolyzed Corn Starch, Sodium Cetearyl Sulfate, Sodium Bicarbonate, Allantoin, Tocopherol, Lecithin, Ascorbyl Palmitate, Lactic Acid, Hydrogenated Palm Glycerides Citrate, p-Anisic Acid, Parfum (Limonene, Linalool, Geraniol, Benzyl Benzoate).
